

This notice is to inform you that SNC Manufacturing Co., Inc. is an essential manufacturing supplier involved in producing parts for a critical infrastructure industry, as defined by the Department of Homeland Security. More information is available at:

[www.cisa.gov/publication/guidance-essential-critical-infrastructure-workforce](http://www.cisa.gov/publication/guidance-essential-critical-infrastructure-workforce)

SNC Manufacturing Co. (SNC), based in Oshkosh, Wisconsin is an electrical transformer manufacturing company covering multiple industries, including healthcare, defense and other areas of critical national infrastructure. SNC has manufacturing facilities in Oshkosh, Wisconsin, Changzhou, China and Acuna, Mexico. Our transformers produced in Oshkosh, WI and Acuna Mexico are required by our customers for surge production of medical equipment and other vital applications as defined by the DHS.

To ensure the safety of our workforce, SNC has enacted COVID-19 best practice protocols, including implementing stringent cleaning protocols and social distancing practices in our factories according to CDC guidelines.

SNC is an essential supplier and will remain open to serve the needs of the state and the Nation during the COVID-19 response. As an essential supplier, our workforce is exempt from any state issued "stay at home" orders to work at our plant so that we may continue to produce essentially needed products.

Sincerely.

John Vette  
CEO and President
